

Love's Body – Eucharist in Our Lives

A Photographic Exhibition

Love's Body is a photographic exhibition of 24 images focusing on the mystery of the Christian life. People from Australia, US, UK, Italy and Mexico have contributed photos of an image of Eucharist in their lives - an image of Love's Body. Each contributor has also written a few words about why they chose this image. The exhibition invites the viewer to respond to the ongoing challenge of re-imagining the Eucharist, of discovering anew Love's Body.

A Travelling Exhibition

First exhibited in 2011 at the NewNorth Gallery in Melbourne, the collection of 24 framed photos is now available as a resource for the parishes, groups and organisations of the Catholic Archdiocese of Melbourne to showcase in their communities. The photos may be displayed in foyers or halls as part of an event, such as feast day celebrations or parish missions. The exhibition can be booked for up to two weeks.
